

Progression

- Learning can open up a whole new future and as Day Service users achieve their set targets, staff will work with them to look at new challenges and experiences
- All Day Service Users are assisted to create and keep up to date a 'pathway' together with a 'scrapbook' of their work during the last 12 months. This is taken to their annual review to show the progress and developments they have made and the direction they aim to take their learning programme.

Availability

- The Day Services are open 5 days per week: Monday 10am – 1pm for Deafblind Services; and Tuesday to Friday, 10am – 4pm for all other Service Users
- We have 3 skilled professionals who manage the Day Service provision
- We have a maximum of 12 learners a day which enables the staff to provide focused learning support.

Day Services 'The Tannery'

What can Day Services offer?

- An inclusive and encouraging learning environment
- A learning and development programme, which will be created to meet the assessed need, skills and interests of each learner
- Total communication with staff and other service users
- Opportunities for growth and development
- A friendly and safe environment
- An extensive life skills programme
- We have a qualified carpenter and fully equipped workshop where woodwork skills are taught.

How do I access Day Services?

- Our contact details are on the reverse of this leaflet
- Our staff are available to offer information and advice by appointment
- We have a referral system; you can ask for a copy to be sent to you
- Once the referral documents have been completed a date will be given to attend The Tannery for the day.
- Funding would need to be secured before attendance can be confirmed.

What do we expect from the Learners?

- Regular attendance on allocated days
- To inform staff if they are not able to attend
- To inform staff if they will be late or wish to leave early
- To show respect to the staff and other day service users, by not attending The Tannery when you are ill
- To work towards a learning development plan with the support of the staff team
- To respect the staff and your peers at all times. We have zero tolerance of any unacceptable behaviour.

Regular Monitoring and Feedback

- Our Service Users are the most important part of our Day Service provision and it is essential they are constantly given opportunities and encouragement to review their development and progress and explore new challenges and new learning methods to improve their skills
- All learners will be given a survey. This enables the learners to guide the services in the direction they wish to go; to address any concerns they may have; or express any avenues of interest for the staff team to explore.
